From your Editor ...

Hi Guys

Welcome again to Houseboy magazine. In this issue we're starting a 'Safety On The Scene' page, and this is going to be a regular feature in all of our publications. As well as covering just the obvious safety aspects, we intend also to cover the not-so-obvious. Safety is a very serious matter, yet it needn't spoil the scene in any way - in many respects it can make things a whole lot more fun. In the next issue we'll be dealing with caning and paddling. As always we welcome your input, so if you've got something to say on the subject of safety then let us know.

On the subject of your valuable input, I'd like to explain why we prefer to receive printed copy rather than computer discs. Regular readers will know only too well that I'm one of life's non-techies, but I'm advised by our computer expert that there's a risk that a virus on a rogue disc could cause permanent damage to our system - despite the fact that we have anti-virus programs. The last thing we want is for something like this to happen (can you imagine life without us?!) so please send your stories etc. as printed manuscripts, and your photographs as prints. Of course anything you send in will be returned.

Talking of techie things, our e.mail system is now up and running (baz@dial.pipex.com) as well as our fax (0208 534 2200) in addition to our usual phone number (0208 257 1753) so it's now even easier to contact us. As well as stuff for our publications you can also use these for the 3I Club.

As members of the 3I Club will know, we actively encourage guys to change into their favourite kit (uniforms, leather, rubber sports kit etc.) and now from time to time we're going to award a cash prize of £25 to the best outfit! So come on guys - show us your stuff!!

Well, that's about it for now. Don't forget this is your magazine, so keep those letters, stories, articles and photos coming in.

Til next time

You Write ...

Dear Editor

I've only just come to terms with my sexuality and what I used to think of as my unusual desires. It was a stroke of pure luck that I happened upon your magazine, and I just had to write and thank you and your excellent team for helping me so much. I suppose a lot of your reader's will have been in the same sort of turmoil as I was - always thinking that what I wanted was somehow wrong. But in the end I found out it was me who was wrong for thinking this! Of course the truth of the matter is that most of the main stream media simply don't understand (or want to understand) that the needs and feeling I have are shared by so many men. They tend to heap shame and ridicule upon us whenever our scene gets a mention in the press or on TV, not realising how important this part of our lives is to us. What they don't seem to understand is that everything we do is totally consensual - they seem to be under the impression that we are somehow coerced against our will into this 'twilight world'.

For myself, I've always known that I

needed to be dominated.

For the main part of my adolescent years the most outstanding memories of wanking myself off to a genuinely satisfying climax always involved domination and punishment.

I constantly tried to replace these fantasies with the more 'normal' sexual images that I'd been brought up on, but they never

really worked.

I arranged to meet a guy through your MeetLine phone service, and he turned out to be a really understanding Master. Like you've always advised, I was completely honest with him, and he introduced me gently to the scene. But I knew from the very first moment when his cane hit my bottom that this was what I wanted! In fact I was a bit disappointed that he hadn't hit

me harder.

He asked me if I felt OK, and I nodded my head. Then he gave me another stroke, this time a bit harder. The feeling was incredible, and I needed it even more and harder. We'd already agreed a couple of codes: 'Ouch, that hurts Sir!' meant that I wanted it a bit harder; 'I can't take any more Sir' meant that I needed to rest a bit. This guy was quite experienced, and I only had to use the codes a couple of times throughout our entire evening together. Of course I begged and pleaded a lot (this I found quite humiliating and very stimulating!) and he seemed to know just what my tone of voice implied.

He's agreed to introduce me to a bondage and CP scene when I'm ready for it - and before you start another of your mini lectures, yes, as much as I've grown to trust this guy I'll be letting someone know exactly where I am when I venture into this exciting new aspect of the scene.

By the way, another 'thank you' for sending me the regular Meet Line updates these save me a lot of time and money, and are therefore very much appreciated.

Like I've read other reader's say in your letter's pages so often, I only wish I'd found you a lot sooner than I did! Still, at least I'm making up for lost time.

All the best Graham

Nottingham.

Hiya Graham

As I seem to be saying so often - glad to have been of service! It's always good to hear from newcomers like yourself that they're finally coming to terms with their life, taking it by the balls and enjoying it to the full. Regular reader's will know how much the team here value your kind of positive feedback. But although you might not want the 'mini lecture' about first time bondage scene's, I'm going to give it again anyway!

So here we go again: If you're going into a bondage scene for the first time let someone know where you're going. You needn't be too explicit about what you're doing, but let them have a phone number and an address of where you're going, and tell the guy you're arranging the bondage scene with that you're doing this. If he objects, then be extremely courteous, sickeningly polite, and say 'thanks but no thanks'!

Dear Editor

I'm only writing this because I want to share my incredible experience at your 3I Club this afternoon with any other reader's who, like me, had been hesitating and wondering what all the fuss was about. I'm kicking myself at this very moment, annoyed that I waited so long and wasted so much time before taking the

plunge.

Reading the regular letters in your columns about how friendly and welcoming this club was I frankly thought it was just a load of hype to boost your membership. OK, so I'm now eating humble pie, and I'm happy to do so! If this letter (it was an e.mail, but I'll let this pass! Ed.) encourages even one more guy to experience the unique atmosphere of the 3I Club then it will have been worthwhile. To my close friends I'm known as a dedicated complainer, believing that only by making regular complaints in bars and restaurants etc. do we stand any chance of getting any kind of decent service. Your club was the first place I'd ever been where - no matter how hard I tried - I couldn't find anything that contradicted the claims made for it. From the moment of going through the door I was made to feel immediately at home and amongst friends. Instead of being blasted with loud music, the place was buzzing with conversation. Far from being ostracised for my particular fetish, there was a sort of 'network' where I was guided towards guys who shared my particular interests. I've been travelling throughout the world

for quite a few years, but I've never come across anything quite like this! The 3I Club seems to have blown apart the idea of British reticence.

I hope you'll publish this letter in the hope that some of your reader's will overcome the same reticent thoughts that I had and enjoy the benefits of becoming a member of what must surely be the most welcoming fraternity anywhere.

All power to you and your organisation. Keep up the good work for us all. Best wishes

Tom

E.London.

Tom - what can I say?!

When I showed your letter to our 3I Club helpers and staff they were somewhat bemused - the general consensuses was 'Well, that's what we're here for isn't it?!' And yes, that's exactly what we're here for. We're here to provide a warm and welcoming environment where guys like vou could meet guys who share your particular interests without any kind of prejudice or judgement. Of course you'll meet guy's who don't participate in your special interest, but as you've already found out there is a network where you'll inevitably be directed to someone who does. And that's essentially what the 3I Club is all about. We don't judge people. We just try to help people find what they're looking for. As to hype - well, we frankly don't need it! Of course we like to see our membership grow, but only with guy's who are genuinely into our scene. It's a matter of record that the 31 Club is now the largest private membership club of it's kind anywhere in the world.

We are officially affiliated to most of the other clubs in Europe, and membership of the 3I Club will assure you of entrance as a member to almost every other similar club anywhere in the world. We seem to be the standard by which all others are judged!

Dear Houseboy Editor

The reason for writing is to tell you about a military style 'slave farm' I used to go to a few years back. Before being allowed to go for a whole weekend the guys were all assessed for their suitability by being sent for an evening or two to established members of the group who ran it. This was a good idea because there's loads of guys who fantasise about long term scenes but who can't handle the reality or need training up before they can. At first I was one of the latter, but the Master I was trained by had enough patience to build me up enough to be allowed to attend. The rules of the slave farm were pretty simple to understand -

1: The Master's gave the orders and the slaves obeyed.

2: The slaves did all the work.

The slaves would arrive at the camp in the afternoon, several hours before the Master's. This was to give us enough time to perform our first task, to thoroughly prepare the Master's rooms. If you've seen the programs on television about the infamous army glass house then you'll have some idea about the standards that were required at the farm. Everything had to be spotless and neat, everything in it's proper place. Cleaning the Master's boots to the highest standard was a tedious chore which we undertook with relish. The only difference between the army glass house and the farm was that our punishments were far more severe, so laxity wasn't an option. Like me, most of the slaves I ever encountered at the farm derived a great deal of fulfilment from satisfying and looking after the Master's, and took great pride in this, so punishments for 'lack of attention to detail' were rare, but nevertheless severe.

After this we'd prepare the Master's dining area and then start to get the food ready. For these duties we were all naked and more or less left to our own devices, although occasionally the overseer who'd admitted us to the farm (usually one of the young trainee Master's) would wander around, using his riding crop hard on anyone he thought was slacking.

The rest of the weekend would be a combi-

nation of a lot of hard work, constant sexual activities, all under the strict control of the Master's which of course meant quite a bit of corporal punishment.

I used to look forward to these weekends at the farm, but suddenly the guys who ran it seemed to disappear and that was the end of it. If any of your readers know of a similar slave farm, or would like to try and help me organise one, could they let me know?

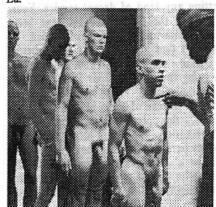

By the way, I've also sent this letter to your associate !SIR! magazine and DV8 magazine - I'm sure you won't mind!

Best wishes
Peter

N.London

Hi Peter!

Yes, I've seen your letter on the other desks here at the office - no one can say you're not keen! And your letter will appear in all three. We've all heard stories about the kind of 'slave farm' or 'training camp' you mention, but none of us has ever actually managed to locate one. We know a few of the 31 Club organise weekend parties amongst themselves, but I don't think this is exactly what you're looking for. If any readers out there know of such a farm or training camp, or want to get together with Peter to organise something then please write in and we'll pass the letters on. We'll also help with the project in any way we can. It sounds like a great idea to us - and remember, this is just how the 3I Club started - from tiny acorns and all that! We all wish you every success. Ed.

SAFETY ON THE SCENE

This is the first of what we intend to be a regular feature in all of our publications. DIABETES.

Many more people are diabetic than you might expect.

It is a fairly complex condition caused by a lack of the hormone insulin. There are two main ways for this to happen: Type 1 diabetes (Insulin Dependent Diabetes Mellitus), when insulin is not secreted; and Type 11 (Non-Insulin Dependent Diabetes), when the transport mechanism is not working properly. In both cases, insulin is not getting into the blood in proper quantities. Insulin converts sugar into useful compounds and this takes place in the blood. Untreated, diabetes leads to a slow wasting away, as the body slowly starves. Type II diabetes can sometimes be treated by careful monitoring of the person's diet. In more serious cases of Type 11 and all cases of Type I diabetes, insulin is injected into the person.

Blood sugar levels are extremely important to the brain. Too high a level and the brain becomes sluggish; too low and the brain may shut down completely. It could take hours for too much blood sugar to cause problems, but only a matter of seconds to lose consciousness from too little blood sugar. If a diabetic has not eaten enough, or uses too much energy (by emotion, stress, exercise, or plain nervousness), he may go into a hypoglycaemic reaction and then faint. (Hypoglycaemia is when the blood sugar is too low, and hypoglycaemia is when the blood sugar is too high).

Unfortunately, there is no easy way to predict or prevent a diabetic emergency. The conditions that cause the hypoglycaemic reaction are almost exactly those that are involved in an SM scene: physical and mental stress.

There are symptoms that may help you identify when this condition is about to happen. Just before losing consciousness, the diabetic may appear drunk, nervous, hostile, jittery, or trembling. There may be slurred speech, hunger, headache, seizures, and/or confusion. The person may also exhibit full body sweating or clammy skin. If you see any of the above in a known diabetic, take precautions. Question the person, but be wary of responses like "I'm all right." There may already have been alterations to the brain function. If the diabetic says something like "No, I'm going into a reaction," act on it.

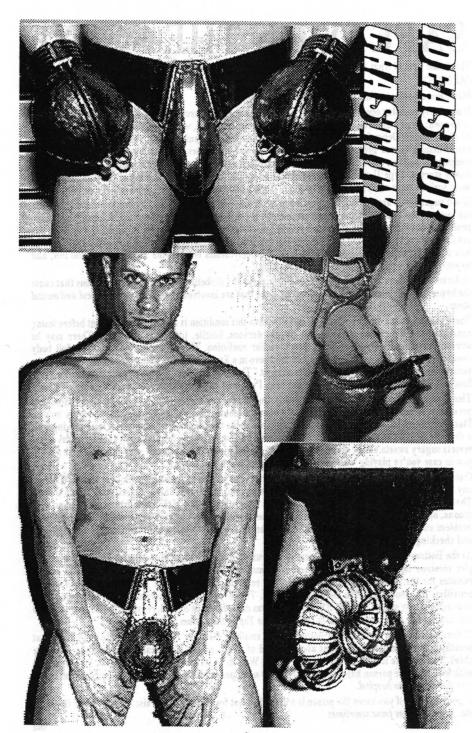

This hypoglycaemia must be treated immediately. Do not take any time to undo any bonds, except those that prevent you getting some sugar into the diabetic's mouth. Put the sugar into the person's mouth. Placement is not important, provided that it does not choke the person. If you knew you were playing with a diabetic before the scene began, you should have had some orange juice, glucose tablets, or (as a last resort) sugary sweets handy already. It would be a good idea to have some in your dungeon first aid kit, just in case you're playing with a diabetic who forgot to tell you about it.

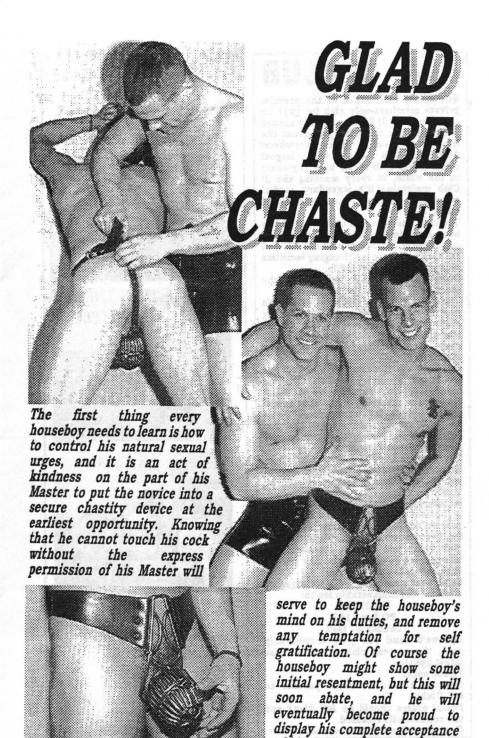

Once you have administered the sugar and the Bottom has started to recover, get him out of or down from any bondage. You should cover and keep the person warm, i.e. treat as shock. Now all you can do is wait. That's the hard part. Stay with your Bottom. Time what is happening. If the Bottom does not respond with groans, opened or fluttering eyes, or body movements within about four minutes, you may have another problem and should start to address that. Don't panic, it could take a few minutes. Continue giving sugar and checking the airway for blockage.

As the Bottom comes round, he may seem to be drunk. Give more sugar if requested, because you cannot give someone too much sugar under these circumstances. It will take about twenty seconds to twenty minutes for the Bottom to fully recover from the reaction. Don't allow the Bottom to return to normal activities, let alone play. "No more play, tonight. Thank you." Some disorientation from having been unconscious may still be present. If the condition was caused by lack of food, reassure the Bottom and have him eat. (Often, the reassuring has to be done to the Top by the Bottom)

If circumstances are such that the Bottom cannot swallow, place the Bottom on his side and ensure that breathing is not impaired, then put about a third of a tube of pre-mixed cake icing into the downside cheek. Failing cake icing mix, use honey or syrup. Wait three to four minutes and repeat. Follow this up with food after the person has recovered. If there is no response within ten minutes, call and ambulance and take the diabetic to hospital.

If possible, even if you know the person is a diabetic, treat for fainting also: raise the legs, lower the head, etc. Even diabetics faint sometimes.

TWO'S COMPANY ??

It was up here in the beautiful remote hills behind Uncle Peter's house that I made my last sexual gesture as a free man. I'd walked aimlessly around the countryside for a long time, my mind in turmoil. I knew what I wanted, and I knew that uncle Peter was more than willing to offer it to me. But did I have the courage to finally commit myself to this kind of life?

At this point I had no idea how incredibly demanding uncle Peter would be. Despite having wanted this type of relationship for longer than I could remember, I now needed some final time and space of my own before becoming fully committed. I needed this last bit of unrestrained personal freedom before I'd have to ask for

it. I knew that if I went ahead, then personal freedom like this would be a rare occurrence for me. Making decisions for myself would become a thing of the past. Obeying uncle Peter's orders would become the norm.

And it was all of this, and more, that I now wanted more than

anything else.

I was high up in the beautiful hills surrounding uncle Peter's large old house. The sun was incredibly hot and I unbuttoned my crisp white shirt pulled it open and felt the gentle warm breeze against the naked flesh of my chest. My cock began to stiffen and I took hold of it as my mind raced over the incredible events of the past few hours.

I knew I'd have to tell uncle Peter

about wanking myself like this, for I was now performing an act of gross misconduct - an act for which I knew I would, hopefully, be punished.

As I slowly pumped at my cock I closed my eyes tightly as my mind started forming vivid images as if in an amazing dream

THE FIRST VISION ...

... It was this morning at breakfast after my first arousing night with uncle Peter.

I was naked, exactly as I'd been ordered to be.

I'd got up early to prepare the meal, exactly as I'd been ordered to.

At the appointed time the food was already on the heating plates on the breakfast table, and I was standing behind uncle Peter's chair as he entered the morning room wearing his old-fashioned quilted silk robe. As approached the table I pulled his chair away ready for him to sit down, and pushed it forward behind him as he sat down. The servitude seemed completely natural. It was only a few short hours ago that he'd caned my backside, finished punishment with the wretched leather tawse and then ...

... The thrilling memory of his incredible sexual demands of the night before made my cock begin to go harder as the vision of his naked body lying outstretched on the bed filled my mind ...

THE SECOND VISION ...

... Somehow, looking at his trembling shaft and quivering cock slit I'd expected him to order me to get on with it, to go down

and take his huge thick cock into my mouth and suck on it, pumping my head up and down until he finally shot his load. This was what I'd expected, desperately wanted, but couldn't have been more wrong! In fact I should have known better of uncle Peter. He was sophisticated and exacting about every aspect of his his sex life as he was about everything else in his life. He wanted things done his way.

And I wanted to be taught his ways of doing things. Somehow I knew they'd be things worth

learning.

"Keep your hands where they are behind your head and use your tongue carefully on my balls. Just use the tip of your tongue delicately to explore every morsel of them, lad."

His voice was quivering slightly. "Sir, yes Sir. Thank you SIR!"

The words tripped easily from my mouth as if I'd been saying them

all my life.

I watched incredulously as his already huge stiff cock seemed to grow even bigger, the thick dark becoming inordinately engorged distending the skin. The sumptuous flesh of his ample foreskin, the layer that had been covering much of the bulbous shiny wet helmet had retracted to rest tightly behind the pronounced protruding rim, emphasising the sheer magnitude of his pulsating cock head.

Copious amounts of thick glistening pre-cum were dribbling abundantly from uncle Peter's quivering slit, and I needed more than anything to know how that wonderful man juice tasted.

But I knew that this was a

pleasure I'd have to earn.

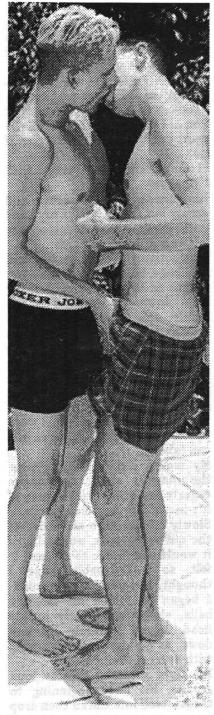

Slowly I bent myself down towards his groin until I could feel his swollen cock pressing against my face, eagerly inhaling the heady odours of his masculinity. To have my prize in such close proximity drove wild but I knew I had to wait. I turned my head on one side and buried my head between his legs. Just as I'd been ordered to I used the tip of my eager tongue to lick his bollocks, gently lapping at them, using every instinct to try and satisfy uncle Peter.

After a while his body started to gyrate slowly from side to side and he began moaning in response to my enthusiastic tongue treatment, and I felt a welling sense of pride knowing that I was performing my duties

satisfactorily.

As I eagerly licked at those huge bollocks I was suddenly aware of the incredible soreness in my weal ridden backside where uncle Peter had earlier used the tawse on my naked buttocks. The skin felt unbelievably agonized, inflamed with a deep burning sensation that forced my pain wracked arse cheeks to clench together intently and to spasm frantically.

It was then that I began to lose my self control. The agony of the pain transformed into extreme ecstasy and every fibre of my heaving body now craved gratification. My cock was painfully stiff, the swollen head slit gushing with pre

The sound of my own moaning began to merge with uncle Peter's, our bodies heaving and panting with anticipation.

Uncle Peter's voice was breathless as he gave me to order. "You can take it now, Clive. I want you ... I want you to take it all ... I want you to take it all the way. If not ..."

"I understand, uncle Peter ... SIR!
I've never ..."

His hands reached down and gently but firmly guided my head until my lips were touching the wetness of his cock head.

Instinctively my lips parted, and the huge helmet was inside my mouth as he steadily pushed my head down. He held on to me firmly, only allowing me enough movement to enjoy the delights of the massive helmet, my tongue excitedly running around the pronounced rim.

Suddenly he released his grip on me.

"It's up to you now, Clive. I want you to take it all ... as far as you can take it!"

My mouth closed willingly over the massive shaft, my tongue eagerly exploring every aspect of it's incredible length and girth.

Slowly I took more and more of the quivering cock, wondering if it would ever come to an end! It felt so unbelievably huge I thought I was going to choke on it. I began to fondle his massive balls, slowly and gently as my head moved leisurely up and down, as my excitement growing with every movement.

His light moaning became loud groans, his body beginning to thrust itself into the air then drop down again, matching my own rhythm. He swayed slightly from side to side, gyrating his pelvis.

I increased the pressure I was using to work on his bollocks, knowing how stimulating the right amount of pain can be. He responded by letting out a loud hissing sound, but making no attempt to stop me.

His cock head was now pounding the back of my throat, the thick shaft shuddering.

I knew what he wanted.
I knew what I wanted.

But the fear, the total dread of fulfilling my duty in the way I knew he wanted made my heart pound. I didn't want to let him down now. I wanted to prove to him that I could satisfy him.

But somehow I couldn't manage to do this voluntarily.

It had to be the result of an order. His order.

Perhaps then I could do it.

Then his voice filled the room with a tone of complete command. "Take it lad! Take it all the way! Now lad!"

I wanted to scream out "Sir YES SIR!" but all I managed was to open my mouth slightly and gurgle incoherently as saliva spurted between my lips.

Then I made a superhuman effort and forced my head all the way down on his rigid cock. The huge helmet passed my uvula and went deep into the back of my throat. For a few seconds we became completely motionless, then I began to gag.

His body suddenly thrust high into the air, pushing his trembling dick even further in. He began convulsing as his cum exploded from his shuddering cock head, the hot sticky fluid

mingling with the bile.

I impulsively pulled my head up, for a split second needing to expunge the intrusion from my body. Fluids gushed from my mouth onto his belly as I sat back on my haunches, gasping for air, my chest heaving frenziedly. The incredible new sensations coursing through my body were at one and the same time revolting and fantastically exhilarating.

Uncle Peter seemed to be in a state of absolute euphoria, the look of total satisfaction on his handsome face filling me with a sense of pride and fulfilment I'd

never experienced.

I took hold of my achingly stiff cock. I desperately needed relief. But I knew instinctively that I'd almost entered into a different world.

Now I needed permission.

Uncle Peter was looking at me intently, as if he knew I was waiting for his consent.

"May I ... Sir?"

"May you what, lad?"

His rebuff made me realise that I hadn't managed to maintain my servitude to his satisfaction. I let go my cock and placed my hands submissively behind my neck.

"Sir. Please Sir, may I wank

myself off please Sir?"

"That's better lad. Yes, you may."
Again I placed my hand on my
rigid cock and began to work at it,
pulling the the flesh of my long
foreskin right back over the
saturated helmet, stretching it
until it hurt like hell. Then I'd
twisted and squeezed my balls
until the pain became unbearable,

knowing that I was performing all this not only for my own satisfaction, but for Uncle Peter's as well.

My hands began to work faster and faster as the familiar carnal feelings developed deep inside me and I knew that I was rapidly approaching the point of no return.

I suddenly bent forward and buried my face deep into uncle Peter's soiled groin, trying to lick it clean, pushing my arse high into the air and furiously pumping at my cock.

I desperately needed to humiliate myself, to enforce my own degradation in front of uncle

Peter.

When I finally came it was as if my entire body was exploding the torrents of hot cum, and that my shuddering cock was merely the outlet.

I writhed around the bed like a demented animal, screaming out frantically, finally coming to rest as uncle Peter cradled me in his arms.

THE THIRD VISION ...

... I stood motionless beside him, nervously waiting for his order. I'd expected him to tell me to sit at the table and take breakfast with him, the breakfast that I'd so painstakingly prepared.

But without warning his hand leisurely reached out and felt between my legs, his long slender fingers lightly stroking the inside of my thighs, gently fondling and squeezing my bollocks then taking hold of my rapidly hardening cock.

He worked tantalisingly slowly at my shaft, skilfully manipulating the sensitive flesh up and down until my throbbing man-rod was painfully stiff then expertly using his fingers on the dripping slit of my shuddering cock head until I was gasping. It was then that I suddenly blurted out

"Uncle Peter ... Sir. Can I have ..."
He immediately removed his hand from my quivering cock, turning his head to face me. His expression was intensely benevolent and kind. I gulped

deeply and continued

"... can I have some time alone to make my final decision? I think I'm sure but ..."

Uncle Peter gently patted my still smarting arse cheeks. The events of last night had made them incredibly tender, but he ignored my pathetic wincing. A warm smile formed on his face.

"Of course, Clive! I want you to want this as much as I do. But I want you to be absolutely sure. Take all the time you want!"

With that he turned away from me and proceeded to charge his plate with the food that I'd prepared. By the time I was leaving the breakfast room uncle Peter was already eating with relish as he studied the daily newspaper. My own appetite had abandoned me, and at first I was a little disappointed that he hadn't made more of my predicament.

But then I realised that the final decision had to be mine, and mine

alone.

He wasn't going to coerce me in any way.

I went to my room and began to get dressed. I'd already showered before preparing breakfast, but as I started to pull on my underpants something made me stop. I needed to cleanse my body for the new beginning. I pulled off my underwear and went to my bathroom, washing my body more thoroughly than I'd ever done before.

I left the house knowing that this would probably be my last excursion as a free man. In a short while uncle Peter would have complete control of my life.

But for now I was my own man, desperately needing to make this one final lonely pilgrimage before willingly offering myself into the service of uncle Peter.

BACK TO THE PRESENT ...

I screamed uncontrollably as I finally shot my load of thick cum into the air. The feeling was so fantastic that my entire body was convulsing violently with my ultimate fulfilment. This was the very moment that determined my future for me. I'd known the fantasy, and I'd known the reality. I was still slowly pumping the last drops of cum from my cock when I became aware of the young man watching me intently. For some inexplicable reason I didn't feel in the slightest bit embarrassed.

The youth was about the same age as myself with a similar build, wearing nothing more than a pair of tight black shorts that did nothing to disguise the massive erection and display every incredible feature of his genitalia. He was what I can only describe as unnaturally beautiful, with short blond hair and incredibly bright blue eyes that were staring at me. smiling nervously, displaying his perfect white teeth behind rich, sensuous lips. My cock began to harden as his soft voice said

"I'm sorry ... I shouldn't have stayed and watched you. It's just that I don't get to see too much of

His voice trailed and he looked away sheepishly, but I could just make out the end of the sentence "... that kind of thing any more." His hand was squeezing and rubbing his crotch provocatively. I said

"That's OK! I'm ... I'm used to being watched!" I surprised myself at my remarkable reaction. In the past I'd have been totally devastated that another man should see me naked let alone wanking myself off in the open air!

But it was true.

I knew that the new life I was going into meant that from now on there would no longer be any privacy for me. And I'd already accepted this fact willingly.

Uncle Peter had eagerly watched me last night, and I'd felt proud. I could see in Craig's eyes and by the massive bulge in his shorts that he'd also enjoyed watching me, and again I felt that same sense of pride.

Although I knew that what I was doing was going against everything that uncle Peter would allow, I moved towards the young guy.

It was like a moth to a flame!

As inexperienced as I was I knew instinctively that this beautiful young man wanted me. His body language almost screamed out the fact.

In no time we were securely embraced and kissing each other deeply, both of us as hard and rampant which both of us considered the prerogative of the young.

Our hands eagerly meandered over each other's bodies excitedly.

His tongue was in my ear, and he whispered

"I'm Craig, and I shouldn't be doing this!"

I twisted my head around and pressed my lips against his ear.

"I'm Clive. And I shouldn't be doing this either! I'll have to pay for this!"

Not waiting for Craig's response I pulled his shorts down, kneeling to take his quivering cock into my mouth.

Craig manoeuvred his beautifully athletic body down to the ground, pulling me with him, then twisted his lithe body around into a position so that he could take my firm cock into his salivating mouth. The feeling was absolutely incredible, the soft fingers of his hands excitedly fondling my cum filled balls as he moved his head up and down, sucking dementedly on my hot, seething cock.

I reciprocated immediately, frantically fondling Craig's large, smooth, soft orbs whilst at the same time wildly sucking on his beautiful stiff shaft, my diligent tongue working feverishly around the rim of his imposing cock head. I knew that what I was doing was wrong, and against the strict rules that uncle Peter would be imposing upon me when I returned to the house. But the thought of the sever punishment that he was bound to give me only

served to drive me on. I already knew what the cane and the tawse felt like, and could only try to imagine what else he might have in store for me.

Now I wanted to know for myself just what uncle Peter had felt when his massive cock head had violated my throat.

I pulled my head away from Craig's luscious cock and said as I pushed my groin forward

"Craig ... I want you to take it all the way ... I want you to take it all ... Take it all the way in!"

Instantaneously there was a slight hesitation in the way that Craig was moving his head and mouth on my cock, and his body started to tremble slightly. I knew exactly what he was feeling. The outright repugnance coupled with the formidable craving to perform this act of total submission and humiliation for another man. I'd felt exactly the same just a few short hours ago.

Then all at once my trembling stiff cock was being slowly drawn deeper into Craig's throat.

The soft warm pressure as first my cock head, then more of my rigid shaft became completely engulfed inside him, I felt the amazing sensations beginning to drive me completely wild.

I was now totally beyond control, fucking his face furiously. Suddenly the searing juices that had been boiling up inside me erupted with an incredibly ferocious flood. My frantically pounding dick head seemed to shoot it's load of hot cum endlessly, relentlessly pummelling into the back of Craig's throat.

I now knew why uncle Peter had made me do this for him. This was the ultimate sexual pleasure.

I watched Craig begin to manipulate his own rock hard cock. He looked startled when I unexpectedly barked out

"Stop that!"

I think I surprised myself as much as I'd surprised Craig! I couldn't remember ever being so assertive. Perhaps I was trying to imitate uncle Peter, knowing how good it felt to be dominated.

Craig sullenly took his hand away from his cock, bowed his head submissively to the floor and said quietly

"Sorry."

He pulled on his shorts, cramming away his huge balls and still fully erect cock.

I dressed in silence as Craig watched me intently, his eyes sparkling and a wry smile on his beautiful young face.

When I'd finished dressing he said "Can I see you again sometime. Perhaps then you could deal with this!"

He cupped his hand provocatively around the bulge in his shorts. It took all my self control to prevent myself from pulling his shorts down again, longing to get a final look at that magnificent stiff cock. I said

"No ... no. I'm afraid that ..."
I paused, too embarrassed to tell him the truth. Somehow I couldn't admit that I was now under the control of another man. I knew I was blushing profusely.

"... what we just did was my final fling as a ..."

I wanted to say it was my final fling as a free man. To admit to somebody else that I'd finally made my decision to give myself completely to another man.

Craig didn't let me finish the sentence. He said quietly in a slightly strange tone of voice "I understand."

With that, he put his hand on my shoulder, squeezed it gently then turned and walked away. My gaze was transfixed on his beautiful pert little bubble-butt arse, and a part of me resented giving up the chance to get to know that exemplary young body a whole lot better! From now on I would have to ask permission to pursue such an incredibly attractive young man.

But I also felt extraordinarily proud of my self control, hoping perhaps that this fact would be taken into account when I told uncle Peter about the incident.

As I walked back to the house I rehearsed over and over how I'd explain what had happened. I'd leave nothing out. It was uncle Peter's right to be told everything, no matter what the consequences might be in store for me. By the time I reached the back door my cock was already stiff as I remembered my punishment last night.

These thoughts suddenly made me wonder why Craig hadn't mentioned the red welts still showing on my backside. He must

have seen them.

The sight of uncle Peter smiling broadly at me as I entered the kitchen drove these thoughts from my mind.

I started blushing again as I returned the smile.

"Had a good walk, Clive?"

"Yes ... yes thank you. It's cleared my mind."

"Good!"

"There's something I've got to tell you ..."

I went into great detail about my meeting with the beautiful Craig, leaving nothing out - including my resentment at not being able to run after him and cultivate the relationship.

It took some time, but uncle Peter

never interrupted.

All the while I was speaking the narrative he was studying me closely, occasionally nodding his head to indicate that he understood a particular point. I finished by saying

" ... so now you know everything!" Uncle Peter's smile broadened as

he spoke.

"It sounds like you enjoyed yourself Clive. So why didn't you take it further?"

I was amazed at his nonchalance! I'd given up the chance of being with an incredibly attractive youth to demonstrate my new-found devotion to uncle Peter, and he seemed to be taking it so lightly. I stammered

"I ... I let him go because of what ... of what you promised me!"

Uncle Peter's face became serious.

"But this morning you hadn't yet decided that this was what you wanted. You were completely free to do as you wish!"

The response made my stomach sink. I asked nervously

"So you don't want me? Letting Craig go was all for nothing?" Uncle Peter said

"Sit down Clive. Sit down and listen!"

I sat down opposite him,

thoroughly confused. His warm smile returned, and he spoke

easily.

"First of all Clive, am I right to assume that you want the kind of relationship we spoke about last night, knowing how hard it might be for you?"

I responded eagerly, immediately assuming my submissive role.

"Sir, yes please Sir!"

"And I want it! Now you've made your mind up we can go on from here. Did you decide before you met Craig?"

"Sir, yes Sir!"

"So you performing an act of gross disobedience to me when

you had sex with him?"

I relished the inference of uncle Peter's question. It could mean another well deserved and well needed punishment. Right now I needed to be disciplined more than anything else. My response was immediate.

"Sir, yes Sir! Sir, I was performing an act of gross disobedience by having illicit sex without your

explicit permission Sir!"

My cock was now painfully stiff, and I desperately wished he'd make me spread myself over the kitchen table and give me a really hard thrashing on the spot, right then and there! But frustrating interrogation continued.

"Would you have liked to continue your relationship with this Craig?"

"Sir, yes Sir! But only with your

permission, SIR!"

I was now on a sexual high, so incredibly intense that I didn't know how to control it. But I hadn't figured on uncle Peter's expertise. He gave me the order that I'd been craving.

"Stand up and take your clothes

off!"

I stood up as ordered and literally ripped off my clothes. In seconds I was standing completely naked, my hands clasped behind my neck, my legs spread wide apart. My cock stood erect, painfully stiff, pre cum already dripping from the quivering slit. I was desperately ready, craving any punishment that uncle Peter wanted to mete out to me! I didn't speak - I had nothing more to say. I looked imploringly at uncle Peter. Then I realised he might not understand why I had such a desperate expression on my face. He might interpret it as a plea for mercy, which was the furthest thing from my mind! Thankfully he had not misinterpreted my expression.

"Although I quite understand the temptation that you were faced with, to perform such an act nevertheless violated relationship. For your own good I'm going to have to punish you, Clive. Do you understand?"

My heart began to race in anticipation. My throat was dry, but somehow I managed to respond.

"Sir, I understand, thank you

"Go to my bedroom and wait at the foot of my bed!"

"Sir, yes SIR!"

As I made my way up the stairs my mind was filled with possibilities, incredible ideas of what uncle Peter might have in store for me. I opened the door of uncle Peter's bedroom, and stood frozen on the

spot. There, kneeling on the bed with his beautiful pert arse cheeks high in the air was the naked body of Craig! Although I couldn't see his face I'd have known that incredibly beautiful bubble-butt of an arse and that stunning body anywhere. Just to reinforce my instant recognition the sight of that short blonde hair into the eiderdown convinced me that this was indeed Craig! His lithe young body was trembling slightly and he was gripping the edge of the bed.

Again my mind was in turmoil. Why would uncle Peter have Craig in his bedroom in this position? I wanted to speak to Craig, to ask him to explain things to me, but something held me back.

It wasn't for me to ask questions.

My place was to obey uncle Peter.

I decided to position myself at the foot of the bed and stand facing the door.

I wondered just how long uncle Peter had made Craig wait in this humiliating position.

It had been some time since we'd parted company. Could uncle Peter have made him wait like this until I returned? This seemed to be the only explanation, and suddenly I felt incredibly sorry for the hapless youth kneeling on the bed. Even his supple young limbs must be aching by now.

Presumably he was awaiting punishment, but the degree of his punishment would be decided after I'd returned and given my side of the story. I consoled myself by knowing that I'd been absolutely honest with uncle

Peter. I just hoped that Craig had had the intelligence and done the same!

The sound of the bedroom door opening made my heart begin to pound rapidly and the familiar sinking feeling in my stomach return with a vengeance. I had an incredibly stirring premonition about what was to happen next, and my agonisingly rigid cock quivered wildly in anticipation of what was about to follow.

The first thing I noticed as he walked into the room was that uncle Peter was carrying a thick leather strap in his hand, and he was leisurely slapping it against his thigh. I instinctively knew that he was going to use that belt on both of us, and from the expression on his face I knew that it was going to be quite a severe punishment.

I was somewhat taken aback at uncle Peter's warm and kindly

soft spoken voice.

"I think you already know the person kneeling on the bed, Clive. I'm about to punish him for his gross disobedience this morning." I'd expected him to be extremely angry with me - after all I'd broken one of his strictest rules regarding being staunchly loyal

Craig's being here still bewildered and puzzled me. But thankfully uncle Peter was about to explain everything to me. What he said wasn't exactly what I wanted to hear, but I totally understood. I realised that I couldn't be the only young man who would want to be under his control.

Uncle Peter's tone was reassuringly conciliatory.

to him.

"I'm really glad that you've decided to accept my extremely stringent terms of being here with me, Clive. I think you could be an excellent addition to my devoted

family."

My stomach sank! I'd thought that it would be just uncle Peter and me living together - a mutually exclusive relationship. The idea that I was just one of an unknown number of young men who wanted to serve uncle Peter presented me with a whole new perspective. But thinking about my incredibly exciting liaison with the beautiful Craig earlier in the day eased my despondency, hoping that this might prove to be a part of my new relationship.

As much as I wanted to serve uncle Peter, this morning's terrifically satisfying escapade had proved to me that there was still a small yet vitally important part of me that needed fulfilling in quite another way. I was beginning to appreciate uncle Peter's thorough understanding of his special scene, and more importantly the needs of the young men who participated so

eagerly in it.

In the few seconds that it had taken me to contemplate these thoughts my mind had been completely abstracted, unaware of what was going on around me. I was suddenly jarred back to reality as I was abruptly conscious of uncle Peter standing right in front of me. He was so close that I could feel his warm breath on my face. As always I felt aroused by his presence, but the arousal was accentuated as he began to gently fondle my cock and balls. His

voice softened.

"I know you wanted an exclusive relationship with me Clive, and I appreciate your sincere belief. But this morning's exploit between you and Craig should have proved to you that there's still a part of you that still wants to be independent.

This is quite natural.

If you want to remain in my service then I will train you so intensively that this part of your dependence on self fulfilment will

eventually pass.

For the sexual attentions of a beautiful young man you were prepared to risk everything we had began to enjoy. For that remaining freedom you were ready to jeopardise everything,

weren't you?"

My harrowed mind struggled to formulate a satisfactory reply. As much as I tried to find excuses for my behaviour I knew that everything uncle Peter had said was incisively true, and truth could be the only answer if I was to remain with him. I was determined to convince uncle Peter that I was absolutely genuine.

"Sir, I'd like to explain why ..."
Uncle Peter cut me short. I didn't get the chance to finish my explanation. He quickly interrupted me, obviously not wishing to waste time hearing my

explanation.

"Do you want to stay with me, Clive. Knowing what you now know, do you want to stay?"

Whether it was knowing that I wanted to watch the beautiful young Craig obediently waiting his punishment, stark naked and

kneeling on the bed just an arm's length away behind me, or whether I was just jealous of the attention that he was about to receive I'll never know. For now all I knew was that I desperately needed to belong to what I now assumed to be uncle Peter's family of eager and willing subservients. I wondered just how large that 'family' as as I replied "Sir, yes Sir. I want to stay with you Sir!"

He didn't seem at all surprised by my enthusiastic response.

"Good! Now we can get down to the business at hand."

He walked away from me and moved around to the side of the bed.

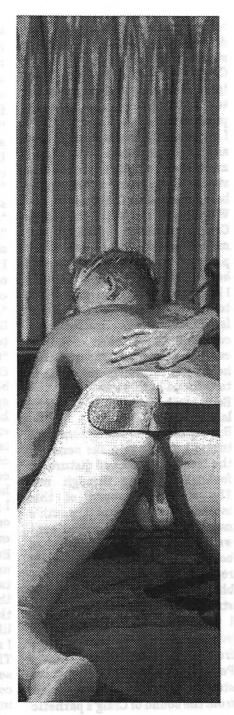

I distinctly heard Craig's sharp, fearful intake of breath as he anticipated the punishment.

Uncle Peter made him wait. After what seemed an interminable silence uncle Peter was saying "Turn around and watch, Clive!" I eagerly did as I was ordered.

There was a rapid blur of movement in front of my eyes and suddenly the room was filled with the resonating sound of the leather strap hitting extremely hard on Craig's naked flesh. My stiff cock hardened more and jerked fiercely against my belly as he screamed out

"Arrgggggggh! ONE SIR! Sir! I'm so sorry Sir! Please Sir! I'm sorry Sir!"

I looked wide eyed at Craig's beautiful arse cheeks quivering and clenching frenziedly as the incredible pain coursed through him. I remembered that feeling, and knew exactly the effect it was having. I knew that Craig was now

having. I knew that Craig was now dreading and craving the next stroke of uncle Peter's strap.

Craig's pathetic pleadings were ignored as uncle Peter continued to administer the severe punishment.

I continued to look at Craig's arse and became more and more aroused as I watched stroke after stroke of the heavy leather strap being wielded on Craig's arse.

With every stroke of the strap Craig's pathetic pleading for mercy became more and more pitiful, and his arse cheeks became more and more inflamed. I knew that Craig, (I assumed him to be one of uncle Peter's regular family) was instinctively counting the strokes aloud as each one landed. I guessed that he'd been extremely well trained to respond in this way.

Each stroke was harder than the last.

But my mind was now in complete turmoil, trying to make sense of the incredible new and disturbing feelings coursing through me. The sight and sound of this incredibly beautiful vouth's naked body being thrashed sent waves of desire through my entire body. The number of strokes he'd received had become just another blur in my fervid mind as I struggled to make sense of all this. I was only aware that Craig's punishment was finally over when from my daydream I heard uncle Peter's strangely contorted voice start to separate and isolate itself from the sound of Craig's pathetic

screaming and sobbing as he pitifully begged for uncle Peter's mercy. There was now an eerie silence in the room, just the sound of Craig's sobbing, gasping for air and saying over and over "Sir ... thank you Sir! I'm really sorry Sir!"

Uncle Peter was studying me closely, a slight smile on his face. "Craig should have known better, shouldn't he Clive?"

"Sir, yes Sir!"

"And you ... d'you think you should have known better?"

I gulped, knowing what the result of my answer would almost certainly be.

"Sir, Yes Sir. I ... I'm sorry Sir!"
Uncle Peter turned his attention
to Craig.

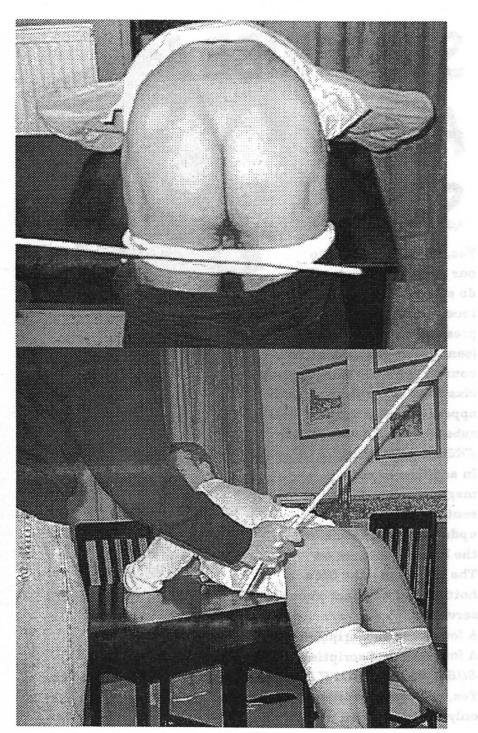

"Get off and stand in position!"
Craig instantly obeyed, standing beside the bed with his legs wide apart, hands clasped behind his head. He looked across at me, the expression on his beautiful young tear stained face a strange combination of pity and lust. His cock was standing stiff, the helmet dripping with pre cum.

I guessed that he knew what was coming, and was feeling sorry for me.

But he needn't have been. As uncle Peter gave me the order to take Craig's place, kneeling on the bed with my arse proudly in the air, I felt that at last my new life was really beginning.

I needed this.

The strap landed on my flesh sending waves of ecstatic agony coursing through my body, and my scream affirmed the fact.

ENFORCED CAMERARDERIE?

Whenever a group of houseboy's are left to play and exercise together, there is always an sense of intense camaraderie between them. Of course they all share a common interest, and they have lots to talk about, comparing how their Masters treat them, what sort of punishments they have to endure and the special things they like to do to please their Masters. Of course they like to make the most of these rare opportunities when they are not under the usual close scrutiny of their Master's, and they can speak and act freely without asking permission first. A rare treat indeed!

The Joy of Belonging from Edwarde - Paris Jung

To experience the care and kindness of another human being is something most of us aspire to, but it seems that not everyone manages to find these things. To find these things and feel completely dedicated to the other person is an even more wonderful experience.

Love is just one of the many words used to describe

Love is just one of the many words used to describe this situation, but none of the words can fully represent what I feel. Yes, I do love the man who I have dedicated my life to. I also respect him more

than any other person.

I accept his many forms of discipline happily, knowing that he loves me enough to spend his valuable time keeping me well behaved at all times. Of course there are times, like when I've behaved really really badly and my backside is being caned or belted, that there is a little bit of me that wants to rebel. He knows this, and whenever I tell him this he takes the trouble to ensure that I must take my punishment, securing my naked body for me so that no matter how

much I wriggle and squirm I have to take it right up until the end. He always seems to know just how much punishment I need, and when he's finished he releases me and asks me how I feel, fondling me and rubbing at my sore flesh at the same time. It's at times like these when I feel the most close to him and feel that I do belong to him. This is what I want more than anything else in the world and so I do everything I can to let him know it. He's always telling me how much he likes my body, so I like to be told to stay naked for him at all times unless he tells me otherwise. There are certain things he sometimes likes to make me wear, especially when he has friends to visit him. These are usually skimpy things, and I think he makes me wear them to excite his friends whilst I'm serving them drinks or any other household chores he makes me do in front of them. I'm proud to obey him even more subserviently on these occassions to demonstrate my devotion and that I belong to him willingly. He has already told me that one day I will change, and will want to be like him. Right now I cannot believe this, but I know that he is right - he is always right. So he is already teaching me how to punish, training me how to ensure that I get the obedience he sais I will expect.

GET SIX OF THE BEST ... FROM THE STORYTELLER!

'THE STORYTELLER'S ANTHOLOGY'

Six of The Storyteller's hottest stories bound together in one sizzling volume!

SCHOOLDAYS - PAINFUL REMINDERS

This story follows the progress of a young lad through public school - his initiation by the older boys - his visits to the games-master for a slippering and to the head for his canings - his relationship as a fag to the 'head' boy. In this story he's really made to work for his 'O' and 'A' levels!

BORSTAL BASTARDS

This story reveals the vicious and sadistic treatment dealt to a young offender in one of the countries most despised institutions. To help support his destitute family the main character turns to crime, gets caught and is sent to an institution to receive his 'short-sharp-shock' treatment. Being young and attractive is is soon 'befriended' by the Borstal's head boy and eventually raped.

INCEST BY COMMAND

This story deals with enforced incestuous behaviour - CP bondage and humiliation. Two brothers are blackmailed into becoming servants (slaves?!) to an older man. They endure thrashings, and are trained to perform all the duties demanded and forced upon them - to obey when it means total humiliation bv performing degrading sexual acts.

BOUND TO PLEASE

This story deals with many forms of bondage, imprisonment and servitude. Captured by a gang of voung vigilantes the character is subjected imprisonment and harsh interrogation. He is made to endure long periods of bondage secured with ropes, chains, and various other devices. The 'leader' is determined to break his young captive in front of the gang - no matter what it takes!

INFANTILE BEHAVIOUR

This story demeans a mans 'normal' relationships and behaviour. Because he is so weak-willed the main character is easily dominated and finds himself forced to behave and be dressed as a baby. To wear nappies, suck on a dummy, wet his pants etc.

TOTAL SLAVERY

This story involves considerable leather, bondage, corporal punishment as well as yellow and brown action, deprivation and humiliation. For quite a while this 'slave' has been enjoying scenes where he knows he is always in control, but is constantly and frustratingly aware that he needs the 'real thing'. In this story he gets to experience total and complete slavery from a leather clad Master whilst imprisoned and chained in a well equipped dungeon.
